

Faculty of Economics / ECONOMICS / European Economic Policy

Course:	European Economic Policy			
Course ID	Course status	Semester	ECTS credits	Lessons (Lessons+Exercises+Laboratory)
8651				
Programs	ECONOMICS			
Prerequisites	None			
Aims	Understand the economic logic of European integration			
Learning outcomes	1. Recognize the importance of the European integration process, the effects on all stakeholders, such as governments, companies, institutions and individuals. 2. Explain the importance and role of the different European policies. 3. Analyze and discuss the functioning of EU institutions. 4. Examine the historical aspects of the enlargement process and the experience of Central Eastern European countries. 5. Identify new practice of conditionality related to the expansion picks. 6. Develop the ability to research, writing and analysis of the case, which will create experts who can handle and manage the European integration process in Montenegro and the EU later.
