Course:	Italian Language VI			
Course ID	Course status	Semester	ECTS credits	Lessons (Lessons+Exercises+Laboratory)
3697	Mandatory	6	4	2+2+0
Programs	ITALIAN LANGUAGE AND LITERATURE			
Prerequisites	There are no pre-conditions for the attendance of this course.			
Aims	Mastering the elements of syntax of the Italian language - syntax of the compound/complex sentence			
Learning outcomes	After completing the course and passing the exam, the student will be able to: 1. Define and explain the basic concepts of syntax of Italian compound and complex sentences. 2. Define and use properly various types of Italian compound sentences and compare them with the equivalent syntactic structures in their mother tongue. 3. Define and use properly various types of Italian dependent clauses in their finite and non-finite forms, with the proper selection of subordinating conjunctions, tenses, moods and verbal forms. 4. Recognize the above-mentioned syntactic concepts and phenomena in the written text – analyze Italian compound and complex sentences and determinate the degree of dependence (in case of complex sentences).			
Lecturer / Teaching assistant	Deja Piletić			
Methodology	Lectures, exercises, test, midterm exam, preparation for the final exam			
Plan and program of work				
Preparing week	Preparation and registration of the semester			
I week lectures	Introducing students to course syllabus, materials and literature that will be used during the course; defining the main concepts of syntax of the Italian complex/compound sentence; defining possible syntactic relations in a complex/compound sentence			
I week exercises	Identifying possible relations in a complex/compound Italian sentence – coordination, subordination; division of the complex/compound sentence			
II week lectures	Coordination or parataxis (coordinazione o paratassi) – coordinate sentences (proposizioni coordinate): proposizioni copulative, disgiuntive, avversative, conclusive, esplicative			
II week exercises	Division of a complex/compound sentence; identifying and creating various types of coordinate sentences with a proper selection of conjunctions, tenses and moods			
III week lectures	Subordination or hypotaxis (subordinazione o ipotassi, giustapposizione o asindeto) - subordinate clauses (le proposizioni subordinate)			
III week exercises	Division of the complex/compound sentences; introduction to the logical analysis of the Italian complex/compound sentence: determination of the degree of dependence; subordinate completive; subordinate relative; subordinate circostanziali			
IV week lectures	Le proposizioni oggettive; Le proposizioni soggettive			
IV week exercises	Logical analysis of complex/compound sentences; identifying and creating the above-mentioned types of subordinate sentences with a proper selection of conjunctions, tenses and moods; identification and converting the non-finite into finite sentences and vice			
V week lectures	Le proposizioni interrogative indirette; Le proposizioni dichiarative			
V week exercises	Logical analysis of complex/compound sentences; identifying and creating the above-mentioned types of subordinate sentences with a proper selection of conjunctions, tenses and moods; identifying and converting the non-finite into finite sentences and vice			
VI week lectures	Subordinate relative (proprie, improprie)			
VI week exercises	Logical analysis of complex/compound sentences; identifying and creating the above-mentioned types of subordinate sentences with a proper selection of conjunctions, tenses and moods; identifying and converting the non-finite into finite sentences and vice			
VII week lectures	1st midterm exam			
VII week exercises	Analysis of the midterm exam results; recapitulation			
VIII week lectures	Le proposizioni comparative; Le proposizioni coesive			
VIII week exercises	Logical analysis of complex/compound sentences; identifying and creating the above-mentioned types of subordinate sentences with a proper selection of conjunctions, tenses and moods; identifying and converting the non-finite into finite sentences and vice			

IX week lectures	Le proposizioni consecutive; Le proposizioni condizionali – il periodo ipotetico					
IX week exercises	Logical analysis of complex/compound sentences; identifying and creating the above-mentioned types of subordinate sentences with a proper selection of conjunctions, tenses and moods; identifying and converting the non-finite into finite sentences and vice					
X week lectures	Recapitulation					
X week exercises	Logical analysis of complex/compound sentences					
XI week lectures	2nd Midterm exam					
XI week exercises	Analysis of the midterm exam results					
XII week lectures	Le proposizioni temporali, Le proposizioni avversative					
XII week exercises	Logical analysis of complex/compound sentences; identifying and creating the above-mentioned types of subordinate sentences with a proper selection of conjunctions, tenses and moods; identifying and converting the non-finite into finite sentences and vice					
XIII week lectures	Le proposizioni modali; Le p. aggiuntive; Le p. esclusive; Le p. eccettuative					
XIII week exercises	Logical analysis of complex/compound sentences; identifying and creating the above-mentioned types of subordinate sentences with a proper selection of conjunctions, tenses and moods; identifying and converting the non-finite into finite sentences and vice					
XIV week lectures	Le p. relative; Le p. limitative; Le p. incidentali					
XIV week exercises	Logical analysis of complex/compound sentences; identifying and creating the above-mentioned types of subordinate sentences with a proper selection of conjunctions, tenses and moods; identifying and converting the non-finite into finite sentences and vice					
XV week lectures	Recapitulation – logical analysis of complex/compound sentences					
XV week exercises	Preparation for the final exam					
Student workload	Lectures and final exam: (5 hours 20 minutes) x 16 = 85 hours 5 minutes. Before semester (administration) 2x(5 hours 20 minutes) = 10 hours 40 minutes. Total for the course 4x30=120 hours. Additional work 24 hours 15 minutes. Structure: 85 hours 5 min (lectures) + 10 hours 40 minutes (preparation) + 24 hours 15 minutes (additional work) = 120 hours.					
Per week			Per semester
