

Faculty of Law / - LEGAL SCIENCES - /

Course:				
Course ID	Course status	Semester	ECTS credits	Lessons (Lessons+Exercises+Laboratory)
479	Mandatory	6	6	4+1+0
Programs	- LEGAL SCIENCES -			
Prerequisites	There are no requirements for listening and registering subjects			
Aims	To acquaint students with the basics of international organizations, their structure, legal subjectivity and activities.			
Learning outcomes	It is expected that after passing the exam in the subject of International Organizations, students will be able to: analyze and explain current issues of the law of international organizations, especially current issues of international legal aspects of regional organization in Europe within thematic units: concept, basic characteristics, classification of international organizations and international legal inter-organizational subjectivity; define an international organization as a subject of international law and a participant in international relations; correctly interpret the decisions of international organizations, the structure of international organizations and the way of making decisions; they become familiar with the activities of international organizations in Montenegro, with special reference to the activities of the UN and its organizations; they work independently in international organizations both in their country and in the world.			
Lecturer / Teaching assistant	Prof. dr Boris VUKIČEVIĆ, mr Matija Stojanović
