Objectives

- **General objective**

- **To addresses one of the most acute problems in Montenegrin and Albanian education systems - the doctoral studies.** Reconstructing DS in line with Salzburg Principles and establish sustainable and modern Pilot Joint Doctoral Schools between two partner countries that will serve as an example of “good practice” for the WB Region.

- **Specific objectives:**

- **to reconsider** the existing national policies/standards for doctoral studies in two countries and their compatibility with EU practices,
- **to develop and propose** a new model of doctoral studies in two countries, adapted to the acquired experiences over past decades and current and future countries’ needs
- **to propose a sustainable** method of financing doctoral studies in two countries on national levels.
- **to establish two Joint Doctoral Schools** "Natural sciences and Technology for Sustainable Development" with place in Montenegro (Podgorica) and “Economy and Tourism for Sustainable Development” with place in Albania (Shkoder) as the recommendable examples of cross-border PhD programmes.
- **to establish a sustainable cooperation** with EU partners and established Doctoral School in order to maintain developed standards.
