## ABOUT THE UNIVERSITY OF MONTENEGRO

The University of Montenegro is the oldest and the only state university in Montenegro that provides comprehensive education in the fields of social, humanistic, technological, natural, and medical sciences.

It was founded in 1974, with the belief that it would educate professionals essential for the dynamic socio-economic and cultural development of Montenegro. At its inception, it consisted of three faculties: Economics, Technical Sciences, and Law.

Today, on the eve of celebrating its 50<sup>th</sup> anniversary in 2024, the University of Montenegro comprises 19 faculties and three scientific institutes: the Historical Institute, the Institute of Marine Biology, and the Institute for Advanced Studies. The university accommodates around 20,000 students across Montenegro.

The teaching is structured in accordance with curricula from esteemed European higher education institutions, facilitating smooth mobility for students and academic staff through more than 150 signed agreements within the Erasmus+ program, as well as over 80 bilateral agreements.

It strengthens its position in the realm of science through international cooperation and project activities aimed at supporting research capabilities. As a central institution for science, culture, and the arts in Montenegro, it consistently builds connections with the business, social, and international sectors through productive collaboration with the business and public sectors.

The University of Montenegro is a member of prestigious international organizations, such as:

- *The European University Association*
- *Magna Charta Universitatum*
- *The Francophone University Association*
- *The University Network of the Adriatic Ionian Initiative*
- *Network of Universities of Small Countries and Territories*
- *The Balkan University Association*
- *Ulyseus European University*
- *European Security and Defence College*
