UNIVERZITET CRNE GORE
REKTORAT
CENTAR ZA DOKTORSKE STUDIJE
n/r prof. dr Borisa Vukićevića, predsjednika
PODGORICA

Poštovani,

U prilogu Vam dostavljamo predlog Vijeća Građevinskog fakulteta Univerziteta Crne Gore o imenovanju mentora sa propratnom dokumentacijom (obrazac M), za studenta doktorskih studija Nikolu Popovića broj dosijea 2/24, upisanog na doktorske studije u studijskoj 2024/25 godini.

Istu dokumentaciju dostavljamo putem dms-a, arhivi Rektorata i na mail: dejanlucic@ucg.ac.me.

S poštovanjem,

SEKRETAR FAKULTETA

Rajka Pejović, dipl.pravnik

R. Pejović

Na osnovu člana 64. Statuta Univerziteta Crne Gore, člana 29 Pravila doktorskih studija Univerziteta Crne Gore i Predloga komisije za doktorske studije Građevinskog fakulteta Univerziteta Crne Gore broj 2024/01-872/4 od 17.12.2024. godine, Vijeće Građevinskog fakulteta Univerziteta Crne Gore, na sto desetoj elektronskoj sjednici održanoj 20.12.2024.godine, donijelo je sljedeći

PREDLOG

Imenuje se mentor prof. dr Jelena Pejović, vanredni profesor Građevinskog fakulteta Univerziteta Crne Gore, pri izradi doktorske disertacije kandidata mr. Nikole Popovića.

Образложење

Prof. dr Jelena Pejović, vanredni profesor Građevinskog fakulteta Univerziteta Crne Gore ispunjava sve kriterijume za mentora propisane članom 29 Pravila doktorskih studija Univerziteta Crne Gore.

- VIJEĆE GRAĐEVINSKOG FAKULTETA UNIVERZITET CRNE GORE-

PREDSTJEDAVAJUĆI VIJEĆA,

Prof. dr Marina Rakočević

MENTORSTVO

Kandidat: Ime i prezime		Nikola Popović		
PREDLOŽENI MENTOR/I				
	Titula, ime i prezime	Ustanova i država	Naučna oblast	
Prvi mentor	Prof.dr Jelena Pejović	Univerzitet Crne Gore, Crna Gora	Građevinarstvo - Konstrukcije	
Drugi mentor				
Sjednica Vijeća organizacione jedinice na kojoj je izvršeno predlaganje mentora			20.12.2024. GODINE	
KOMPETENCIJE MENTORA (pet objavljenih radova u relevantnim časopisima)				
Prvi mentor	1	Polese M., Tocchi G., Babić A., Dolšek M., Faravelli M., Quaroni D., Borzi B., Rebora N., Ottonelli D., Wernhart S., Pejovic J. , Serdar N., Lebar K., Rusjan S., Masi R., Resch C., Kern H., Cipranić I., Ostojic M., Prota A. ODLUKU O IZBORU U ZVANJE

Dr JELENA PEJOVIĆ bira se u akademsko zvanje **vanredni profesor Univerziteta Crne Gore**, iz oblasti **Betonske i zidane konstrukcije i Zemljotresno inženjerstvo na Građevinskom fakultetu Univerziteta Crne Gore**, na period od pet godina.

SENAT UNIVERZITETA CRNE GORE

PREDSJEDNIK

Prof. dr Vladimir Božović, rektor

Curriculum Vitae

Personal information

Surname/Name	Pejović Jelena	
Adress	Bulevar Džordža Vašingtona 66	
Telephone	+38267263827	
E-mail	jelenapej@ucg.ac.me	
Current position	Assistant Professor Vice Dean for Science Faculty of Civil Engineering University of Montenegro	

Work Experience

Period	2006 - present	
Position	Associate Professor	
Main activities and responsibilities	Associate Professor in courses: Earthquake Engineering, Maintenance, strengthening and retrofitting of facilities, Scientific-research and engineering activities	
Name and adress of employer	University of Montenegro Faculty of Civil Engineering Bulevar Džordža Vašingtona b.b. 81000 Podgorica	

Education and training

Period	2000 - 2006	
Level of qualification	Dipl.Ing in Civil Engineering	
Specialisation	Structures – Earthquake Engineering	
Name of institution	Faculty of Civil Engineering University of Montenegro	
Period	2007 - 2009	
Level of qualification	MSc (Mr)	
Specialisation	Structures – Earthquake Engineering	

Name of institution	Faculty of Civil Engineering University of Montenegro
Period	2010 - 2016
Level of qualification	PhD (Dr – Doctor)
Specialisation	Structures – Earthquake Engineering
Name of institution	Faculty of Civil Engineering University of Montenegro
Period	2016 - 2017
Level of qualification	Postdoctorate
Specialisation	Structures – Earthquake Engineering
Name of institution	Sapienza University of Rome Faculty of Civil Engineering Department of Structural and Geotechnical Engineering

Personal skills

Other language(s)	English, Italian
Diploma	General English Language course – Advanced level Academy international London Institute of Foreign Languages in Podgorica
Communication skills	Good communication skills gained through teaching experience, through participation in numerous conferences (national and international), as well as through participation in university exchange programmes
Computer skills	- Advanced level knowledge of MS office (MS Word, MS Excel, MS Power Point and etc.) - Advanced and expert level knowledge of applied software (Autocad, Sap, Etabs, Perform 3D, ArmCad etc.) - Advanced level knowledge of Matlab
Driving licence	B

Additional information

Professional organisations, associations and bodies

Secretary of Montenegrin Association for Earthquake Engineering (MAEE-CAZI); National Member in EAEE (European Association for Earthquake Engineering); National member in IAEE (International Association for Earthquake Engineering); Member of Engineering Chamber of Montenegro (IKCG); Member of Working Groups for translation and elaboration of annexes of Eurocode standards, Institute for Standardisation of Montenegro (ISME); Member of Working Team for elaboration of Technical Rules for Masonry Structures, Ministry of Sustainable Development and Tourism of Montenegro.

Scientific research activities

Seismic analysis and design of the structures; Seismic risk analysis and vulnerability assessment of facilities in urban/rural regions; Probabilistic Performance-Based methods in seismic analysis and design of the structures: Probabilistic Seismic Hazard Analysis, Probabilistic Seismic Demand Analysis, Probabilistic Seismic Damage Analysis, Probabilistic Seismic Loss Analysis; Retrofitting, strengthening and structural upgrading of existing structures; Elaboration and improvement of technical regulations, standards and codes.

Publications (scientific papers) published in SCI/SCIE journals and other international journals (Scopus database, etc.)

Scientific - Research Projects and Capacity Building projects

1. "BORIS2 - Cross Border RiSk assessment for increased prevention and preparedness in Europe: way forward", European Commission project n. 101140181-BORIS2-UCPM-2023-KAPP funded by DG-ECHO (2024-2025), Project coordinator for Montenegrin partner (University of Montenegro). <https://www.borisproject.eu/>
2. *EXPLORA - EXPosure assessment for buiLding typOlogies integRating innovAtive survey techniques (2023-2025)*, Scientific-research project within the framework of the Scientific and Technological Agreement between the Government of Montenegro and the Government of the Republic of Italy, 2022-2025, Ministry of Science Montenegro, Project coordinator for Montenegrin partner.
3. *GeoNetSee - An AI/IoT-based system of GEOSensor NETworks for real-time monitoring of unStable tErrain and artificial structures*, Danube Region Programme DRP0200783 – GeoNetSee, (2024-2026), Project coordinator for Montenegrin partner.
4. *BORIS - cross BOrder RiSk assessment for increased prevention and preparedness in Europe*, European Commission project n. 101004882 – UCPM-2020-PP-AG funded by DG-ECHO (2021-2022), Project coordinator for Montenegrin partner (University of Montenegro). <https://www.borisproject.eu/>
5. *Disaster Risk Management Capability Assessment*, European Commission – Directorate General for European Civil Protection and Humanitarian Aid Operations (DG ECHO), 2022-2024, Coordinator: Ministry of Interior, Rescue and Protection Directorate (RPD), Montenegro, Participant in the project.
6. *Development of National Risk Assessment for all types of hazards affecting Montenegro*, European Commission ECHO/SUB/2020/TRACK1/831677, UCPM, Directorate General for European Civil Protection and Humanitarian Aid Operations, 2021, Project Leader: Ministry of the Interior, Directorate for Emergency Management Montenegro, Participant in the project. <https://media.gov.me/media/gov/2021/mup/nacionalna-procjena-rizika-elektronska-publikacija.pdf>
7. *Smart buildings for a seismic resilient Montenegro*, Scientific-research project funded by Ministry of Science Montenegro for joining Horizon 2020 project RISE-Real-time earthquake risk reduction for a resilient Europe (2020-2022), Participant in the project.
8. *FLORIAS - Procjena rizika od poplava u Crnoj Gori - definisanje funkcija šteta za značajno ugrožena područja (eng. Flood Risk assessment in Montenegro: Depth-Damage Relationships for Areas of Potential Significant Flood Risk)*, National Scientific-research project funded by Ministry of science and technological development Montenegro (2024-2026).
9. *Seismic vulnerability assessment of existing facilities in urban coastal area in Southern Euro-Mediterranean zone*, Scientific-research project within the framework of the Scientific and Technological Agreement between the Government of Montenegro and the Government of the Republic of Italy, 2018-2020, Ministry of Science Montenegro, Project coordinator for Montenegrin partner.
10. *Study on Earthquake Disaster Prediction and Estimation*, Scientific-research project within the framework of the Scientific and Technological Agreement between the Government of Montenegro and Republic of China, 2019-2020, Ministry of Science Montenegro, Project coordinator for Montenegrin partner.
11. *„JoInEd For sUsTainability – bUilding climate Resilient communities in WB and EU – IFUTURE“*, Project 101082815-ERASMUS-EDU-2022-CBHE-STRAND-2, Erasmus+ Capacity Building in Higher Education, (2023-2026).

12. "Curricula innovation in climate-smart urban development based on green and energy efficiency with the non-academic sector - SmartWB", Project 101081724 — SmartWB — ERASMUS-EDU-2022-CBHE, Erasmus+ Capacity Building in Higher Education, (2023-2026).
13. *Reducing the seismic risk for buildings of stone and brick (Smanjenje seizmičkog rizika za objekte od kamena i opeke)*, 2013-2016, Ministry of Science Montenegro, Participant in the project.
14. TU1406 Cost action: *Quality specifications for roadway bridges, standardization at a European level* <http://www.tu1406.eu/>, (2015-2019), MC (Management Committee) member.
15. TU1207 Cost action: *Next Generation Design Guidelines for Composites in Construction* http://www.cost.eu/COST_Actions/tud/TU1207, (2013-2017), MC (Management Committee) member.
16. CA18109 - Accelerating Global Science in Tsunami Hazard and Risk analysis <https://www.agithar.uni-hamburg.de/about.html>, (2019-2023), MC (Management Committee) member.
17. CA18110 – Underground Built Heritage as catalyser for Community Valorisation. <http://underground4value.eu/>, (2019-2023), MC (Management Committee) member.

Other important projects

1. *Adoption and implementation of Eurocodes as national standards for structural design*, ISME Institute for Standardization of Montenegro / Technical Committee 002: Eurocodes, 2012-2019.
2. *Translation and preparation of national annex of European standard EN1992-1-1: Eurocode 2: Design of concrete structures - Part 1-1: General rules and rules for buildings*, ISME Institute for Standardization of Montenegro, 2016.
3. *Translation and preparation of national annex of European standard EN 1991-2, Eurocode 1: Actions on structures - Part 2: Traffic loads on bridges*, ISME Institute for Standardization of Montenegro, 2018.
4. *Translation and preparation of national annex of European standard EN 1996-1-1, Eurocode 6 - Design of masonry structures - Part 1-1: General rules for reinforced and unreinforced masonry structures*, ISME Institute for Standardization of Montenegro, 2016.
5. *Translation and preparation of national annex of European standard EN 1996-3, Eurocode 6 - Design of masonry structures - Part 3: Simplified calculation methods for unreinforced masonry structures*, ISME Institute for Standardization of Montenegro, 2016.
6. *Translation and preparation of national annex of European standard EN 1996-1-2, Eurocode 6 - Design of masonry structures - Part 1-2: General rules - Structural fire design*, ISME Institute for Standardization of Montenegro, 2016.
7. *Translation and preparation of national annex of European standard EN 1996-2, Eurocode 6 - Design of masonry structures - Part 2: Design considerations, selection of materials and execution of masonry*, ISME Institute for Standardization of Montenegro, 2018.
8. *Translation and preparation of national annex of European standard EN 1998-2, Eurocode 8 - Design of structures for earthquake resistance - Part 2: Bridges*, ISME Institute for Standardization of Montenegro, 2018.
9. *Translation and preparation of national annex of European standard EN 1998-3, Eurocode 8 - Design of structures for earthquake resistance - Part 3: Assessment and retrofitting of buildings*, ISME Institute for Standardization of Montenegro, 2018.
10. *Technical Rules for Masonry Structures*, Ministry of Sustainable Development and Tourism of Montenegro, 2016.

Significant studies, expertise and analysis

1. *Study on the dynamic and static behavior of arch dam HE Piva (Studija o dinamičkom i statičkom ponašanju lučne brane HE Piva)*, Faculty of Civil Engineering, University of Montenegro, 2008.

Master thesis

1. **Pejovic J.**: *Analiza nove "Performance-based" metodologije kod seizmičkog projektovanja armiranobetonskih konstrukcija (Analysis of new Performance-based methodology for seismic design of reinforced concrete structures)*, 2009, The Faculty of Civil Engineering, University of Montenegro.

PhD thesis

1. **Pejovic J.**: *Seizmička analiza visokih armiranobetonskih zgrada (Seismic analysis of reinforced concrete high-rise buildings)*, 2016, The Faculty of Civil Engineering, University of Montenegro.

Monographs

1. Serdar N., **Pejović J.** (2019): *Alternative seismic vulnerability assessment method of reinforced curved bridges, "Theory of Civil Engineering Structures"*, Monograph dedicated to the memory of Professor Miodrag Sekulović, "Teorija građevinskih konstrukcija", Monografija posvećena uspomeni na profesora Miodraga Sekulovića, Univerzitet u Beogradu-Građevinski fakultet, Univerzitet Crne Gore-Građevinski fakultet, Akademija inženjerskih nauka Srbije, Beograd, 2019, ISBN 978-86-7518-208-5, st.163-170.

2. **Pejovic J.** (2016): *Procjena seizmičke povredljivosti visokih armiranobetonskih zgrada u južno-evropskoj mediteraskoj zoni*, The monograph: "Contemporary Problems of the theory of structures" Faculty of Civil Engineering Belgrade and Faculty of Civil Engineering Podgorica, ISBN 978-86-86363-69-5, Belgrade, 2016.

Presentations by invitation to international peer-reviewed conferences, forums

1. **Pejovic, J.** (2023): *Towards Montenegro seismic risk assessment and reduction platform*, The Tenth Kwang-Hua Forum Innovations and Implementations in Earthquake Engineering Research, Tongji University, December 8-11, 2023 Shanghai, China.
2. **Pejovic, J.** (2023): *Development of National Seismic Risk Assessment for Montenegro: Building Exposure Modelling*, CIBv2023 International Scientific Conference Civil Engineering and Building Services, Brasov, 2-3 November 2023, ISSN 1843-6617.
3. **Pejovic, J.**: *Ground motion intensity measures for probabilistic seismic analysis of the RC high-rise buildings*, 16th World Conference on Earthquake Engineering, 16WCEE 2017, Santiago, Chile, General Session Chairman: Probabilistic Methods.
4. **Pejovic J.**: *Masonry buildings – Zidane konstrukcije*, Informative seminar on Eurocodes 2013 Engineers Chamber of Montenegro - Professional Chamber of Civil Engineers.

The organization of international conferences (membership in administrative, program committees, editing of proceedings)

1. The Ninth International Conference Civil Engineering - Science & Practice GNP2024, Kolašin, 5-9 March 2024 (Editorial board for GNP 2024 proceedings ISBN 978-86-82707-36-3, COBISS.CG-ID 28528644)
2. The International Conference on Earthquake Engineering in the organization of EAEE (European Association for Earthquake Engineering). Deputy of Montenegrin Association for Earthquake Engineering (MAEE) and national member in the administrative and program committee:
16th European Conference on Earthquake Engineering (16ECEE), Thessaloniki 2018.
Second European conference on earthquake engineering and seismology (2ECEES), Istanbul 2014.
3. The International Conference on Earthquake Engineering in the organization IAEE (International Association for Earthquake Engineering). Deputy of Montenegrin Association for Earthquake Engineering (MAEE) and national member in the administrative and program committee:
The 16th World Conference on Earthquake Engineering (16WCEE), Santiago, Chile 2017.

Mobility

Erasmus+staff mobility for training Université Côte d'Azur in Nice, France (21.03.2022-29.03.2022)

Erasmus+staff mobility for teaching Faculty of Civil Engineering of Slovak University of Technology in Bratislava (11.12.2017-15.12.2017)

CEEPUS CIII-BG-0022-09-1314 University Sts. Cyril and Methodius – Skopje, Civil Engineering faculty – Department of Structural Mechanics (17.04.2014 – 28.04.2014)

Significant design projects

1. *Main design of reconstruction and retrofitting of bridge Blazo Jovanovic across Moraca river in Podgorica*, designer, 2009.
2. *Main design of reconstruction and retrofitting of bridge in street „Bratstva i jedinstva“ in Podgorica*, designer, 2009.
3. *Main design of reconstruction and retrofitting of bridge across Juskovic river in Mojkovac*, designer, 2009.
4. *Main design of reconstruction and retrofitting of bridge Marsenic across river Lim in Andrijevisa*, designer, 2010.
5. *Main design of reconstruction and retrofitting of bridge „Nika Strugara“ across river Lim in Berane*, designer, 2010.
6. *Main design of reconstruction and retrofitting of bridge „Novšići“ across river Lim in municipality Andrijevisa*, designer, 2010.
7. *Main design of reconstruction and retrofitting of bridge „Seoca“ across river Lim in municipality Andrijevisa*, designer, 2010.
8. *Main design of bridge „Zorići“ across river Lim in municipality Andrijevisa*, designer, 2010.
9. *Main design of rehabilitation and retrofitting of church Sv. Vrači, Muo-Kotor*, designer, 2007.
10. *Main design of rehabilitation and retrofitting of church Sv. Ilija in Zagora*, designer, 2007.
11. *Main design of rehabilitation and retrofitting of church Sv. Nikola in Prčanj, Kotor*, designer, 2007.
12. *Main design of planning Belane coast in Tivat*, designer, 2012.
13. *Main design of reconstruction of SDK building in Kotor*, designer, 2012.
14. *Main design of building for technical review of Lovcen insurance in Podgorica*, designer, 2011.
15. *Main design of the service area facilities for Bar – Boljare highway section Smokovac – Mateševo*, designer, 2016-2018.

16. *Main design of technical measures of environmental protection on the highway Bar-Boljare, section Smokovac-Mateševo, 2016-2017, designer, 2016.*
17. *Main engineering design for the land development for rest-area Pelev brijeg on the highway Bar-Boljare, section Smokovac-Mateševo, designer, 2018.*
18. *Main design of reconstruction and retrofitting of bridge Melještak on road Podgorica – Kolašin, designer, 2018.*

Awards and honors

1. Acknowledgment of the University of Montenegro for achieved results and contributions to the development of scientific research at the Faculty of Civil Engineering in 2019.
2. Award for postdoctoral research scholarship „National Scholarship for Excellence“ for young, talented university students and researchers from Montenegro - Ministry of Science and Ministry of Education, the project "Higher Education and Research for Innovation and Competitiveness - HERIC-HERIC".
3. Award of the »Vladimir Stankovic« for the best Graduate Thesis in 2006.
4. Student Award "19 December ", the highest award that the Municipality of Podgorica, on the occasion of Liberation Day, awarded to the best students.
5. Award of the University of Montenegro for academic year 2004/2005, as the best student of Faculty of Civil Engineering.
6. Award for excellent results by Faculty of Civil Engineering, University of Montenegro (2002-2006).
7. Numerous awards in regional and national competitions in mathematics: winner of first (I) place on 21 Republican Montenegrin competition »Nauku Mladima« in the field of mathematics.
8. Numerous awards at the republic competition in literary writing: the winner of the first (I) place at the Republic Montenegrin competition in the literary writing.
