Montenegrin Marine Biotechnology Laboratory – MEMBER

Dear Dr. Djurović,

We are glad to learn about your plans to Horizon 2020 call, topic WIDESPREAD-04-2019: ERA Chairs, with proposal “Montenegrin Marine Biotechnology Laboratory – MEMBER”. We consider your plans for structural change of the Institute for Marine Biology, University of Montenegro, and setting up Marine Biotechnology Laboratory will strengthen capacities for multidisciplinary approach to doctoral studies and linking them with the economy and society.

We support your proposal and express interest to jointly develop, promote and manage multidisciplinary PhD programme in marine biodiscovery at the University of Montenegro as important activity of the ERA Chair establishment.

We are looking forward for continuation of our successful cooperation.

Sincerely,

{Potpis}
