Personal Information
This contains personal information about yourself such as your name, your email address, etc.

Display Preferences
You can change the way that SquirrelMail looks and displays information to you, such as the colors, the language, and other settings.

Message Highlighting
Based upon given criteria, incoming messages can have different background colors in the message list. This helps to easily distinguish who the messages are from, especially for mailing lists.

Folder Preferences
These settings change the way your folders are displayed and manipulated.

Index Order
The order of the message index can be rearranged and changed to contain the headers in any order you want.

Message Filters
Filtering enables messages with different criteria to be automatically filtered into different folders for easier organization.

SPAM Filters
SPAM filters allow you to select from various DNS based blacklists to detect junk email in your INBOX and move it to another folder (like Trash).

Translation Options
Which translator should be used when you get messages in a different language?

Change Password
This connects to your local Password Server to change your login password for all services.

SpellChecker Options
Here you may set up how your personal dictionary is stored, edit it, or choose which languages should be available to you when spell-checking.

U prvom polju (Slika 3.) unesite vašu trenutnu šifru.
U drugom polju unesite novu šifru.

- Radi bolje sigurnosti, nova šifra mora zadovoljavati sljedeće kriterijume:
    - Minimum jedno veliko slovo
    - Minimum 1 broj
    - Minimum jedan specijalni karakter (!#"@$%&...)
    - Minimalni broj karaktera 6

U trećem potvrdite i unesite istu tu novu šifru.
Klikom na „**Change Password**" potvrdite promjenu šifre.
