CYBER HYGIENE E-LEARNING COURSE

Basic security rules in the digital environment

> Did you know that there is a cyber-attack every **39 seconds**, and since the start of the COVID-19 pandemic, there has been a **300% increase** in reported cybercrimes?

ABOUT THE COURSE:

Developed in partnership with local Ukrainian experts at companies such as Ernst and Young (Y&E) and Technomatix (TMX), this free course will help students learn about the main threats in the digital space, understand the type of personal information that hackers target, and learn tips for protecting personal data, electronic devices, and information resources.

WHY SHOULD I TAKE THIS COURSE?

- ✔ To learn the basic rules for protecting information on mobile phones, computers and social networks
- ✔ To identify fake news sources and common user mistakes in the digital space
- ✔ To learn how to prevent cyber fraud

WHAT DOES THE COURSE LOOK LIKE?

60 MINUTES

10 ANIMATED TRAINING VIDEO MODULES (5-7 Minutes Each)

1 FINAL TEST COVERING ALL MODULES

WHAT ARE THE BENEFITS FOR ME?

- Gain new skills in cyber hygiene and stay safe online
- Earn a personal certificate
- Get additional rewards if you score exceptionally well at final test

HOW DO I REGISTER?

Visit ❯ cybereducation.org

Registration is FREE!

Note: The course does NOT require prior technical training/knowledge of cybersecurity

ELIGIBILITY:

Current and future students of this university are eligible to register from **January 2021 - March 2021**.
