

Landscape festival is an international project connecting five schools of architecture (Bari, Podgorica, Tirana, Granada, Valladolid) in four Mediterranean countries (Italy, Montenegro, Albania and Spain). The first part of the festival included a series of activities on the topic of researching specific segments of Mediterranean landscape - abandoned quarries, which took place on the territory of the Italian region of Apulia, centered in Bari, during April 2023 (laboratories, workshops, exhibitions, seminars, conferences). The second part of the festival takes place during September and October and includes the presentation of results obtained outside the home area of research ('spreading good practice') in cooperation with foreign partners from Montenegro, Albania and Spain. This part of the activity is designed as a traveling exhibition ('Tellus. Abitare i Paesaggi dello Scavo') followed by a series of seminars on the topic of 'stone-landscapes' at each of the partner institutions (Faculty of Architecture, University of Montenegro; Faculty of Architecture and Urbanism, Polytechnic University of Tirana; Escuela Tecnica Superior de Arquitectura, University of Valladolid; Escuela Tecnica Superior de arquitectura, University of Granada). Organized by the Faculty of Architecture, on **28 of September 2023**, the mentioned exhibition will be opened in the Rectorate of University of Montenegro (main hall), and then a one-day international seminar on the mentioned topic will be held with participants from Italy and Montenegro - Blue Hall. The exhibition will be open until **12 of October 2023**.

Festival arhitekture pod nazivom '**Kameni pejzaži**' (Stone Landscape Festival) je internacionalni projekat koji povezuje pet škola arhitekture (Bari, Podgorica, Tirana, Granada, Valladolid) u četiri mediteranske države (Italija, Crna Gora, Albanija i Španija). Prvi dio festivala podrazumijevao je niz aktivnosti na temu istraživanja specifičnih segmenata mediteranskog pejzaža - napuštenih kamenoloma, koje su se odvijale na teritoriji italijanske regije Apulja, sa središtem u Bariju, tokom mjeseca aprila 2023. godine (laboratorije, radionice, izložbe, seminari, konferencije).

Dругi dio festivala odvija se tokom septembra i oktobra i podrazumijeva prikazivanje dobijenih rezultata van matičnog područja istraživanja ('širenje dobre prakse') u saradnji sa inostranim partnerima iz Crne Gore, Albanije i Španije. Ovaj dio aktivnosti osmišljen je kao 'putujuća izložba' ('Tellus. Abitare i Paesaggi dello Scavo') praćena serijom internacionalnih seminara na temu 'kamenih pejzaža' na svakoj od partnerskih institucija (Faculty of Architecture, University of Montenegro; Faculty of Architecture and Urbanism, Polytechnic University of Tirana; Escuela Tecnica Superior de Arquitectura, University of Valladolid; Escuela Tecnica Superior de Arquitectura, University of Granada).

U organizaciji Arhitektonskog fakulteta, **28. septembra 2023.** godine u zgradi rektorata UCG (glavni hol) otvara se pomenuta izložba a potom se održava i jednodnevni internacionalni seminar na pomenutu temu sa učesnicima iz Italije i Crne Gore (plava sala). Izložba će biti otvorena do **12. oktobra 2023.** godine.

SEMINAR // SEMINAR:

RECYCLING THE STONE LANDSCAPES. PROCESSES, EXPERIENCES, INTERPRETATIONS
(Blue Hall, Rectorate of University of Montenegro)

Session I: 11:00 - 12:00

(Moderator: **Mariella Annese**, Polytechnic of Bari, Department of Architecture Construction and Design)

11:00 - 11:20

Nicola Martinelli, Polytechnic of Bari, Department of Architecture Construction and Design
Recycling the excavated stone landscapes

11:20 - 11:40

Vincenzo P. Bagnato, Polytechnic of Bari, Department of Architecture Construction and Design
The quarries' landscapes: From wound to contemporary territorial resource

11:40 - 12:00

Antonio Labalestra, Polytechnic of Bari, Department of Architecture Construction and Design
The stones above the 'vast cavern' and the quarry under the architecture of P.II. Favia in Castellana

12:00 - 12:20 - Coffee Break

Session II: 12:20 - 13:50

(Moderator: **Jelena Bajic Šestovic**, PhD, Faculty of Architecture, University of Montenegro)

12:20 - 12:40

Sanja Mitrovic Lješkovic, landscape architect, Former President of the European Landscape Convention (Council of Europe); Former General Director of Directorate for Spatial Planning, Ministry of Sustainable Development and Tourism of Montenegro
The European Landscape Convention - outstanding, everyday landscapes and degraded landscapes

12:40 - 13:00

Slavica Stamatovic Vučkovic, Faculty of Architecture, University of Montenegro
Zero Spaces: Caves, Katuns and Villages

13:00 - 13:20

Ivan Lakovic, **Olga Pelcer Vujacic**, **Aleksandra Kapetanovic**, **Tatjana Koprivica**, Institute of History, University of Montenegro
Endangered Mediterranean Mountain Heritage - Katuns at the Mountain in Montenegro

13:20 - 14:00

Discussion and Conclusions // **Diskusija i zaključci**
