

INTERNATIONAL SYMPOSIUM ON ANIMAL SCIENCE
ISAS (2023)

September 18th - 20th 2023, Novi Sad, Serbia
www.isasevent.com

THE 2nd ANNOUNCEMENT

ORGANIZERS

ISAS (2023)

UNIVERSITY OF NOVI SAD
FACULTY OF AGRICULTURE
Department of Animal Science

UNIVERSITY OF BELGRADE
FACULTY OF AGRICULTURE
Institute for Zootechnic

in cooperation with

Research Institute for Animal Production Nitra, Slovakia	Faculty of Agrobiotechnical Sciences, Osijek, Croatia
Faculty of Agriculture and Food Sciences Sarajevo, Bosnia and Herzegovina	Biotechnical faculty Podgorica, Montenegro

It is a pleasure to inform you that **THE INTERNATIONAL SYMPOSIUM ON ANIMAL SCIENCE (ISAS) 2023** organized by the **Department of Animal Science, Faculty of Agriculture - University of Novi Sad** and **Institute for Zootechnic, Faculty of Agriculture - University of Belgrade** will be held **from 18th - 20th of September 2023** in Novi Sad (Republic of Serbia) at the [Faculty of Agriculture](#).

You are invited to take part with an **oral or poster presentation**. Also, you have an opportunity to present your institution, company, product or service at this event.

At the Symposium, the experts and researchers from all over the world will present results of their research, in all fields of animal production, wildlife and game management, aquaculture, animal health, welfare, and biosecurity.

The Thematic panel discussions related to current topics will be organized within the symposium. Details regarding topics and speakers will be announced in due course.

Workshops on Horizon Europe project development on the upcoming 2024 calls will be organized by thematic groups, focusing on further project cooperation in FARM2FORK, WIDERA and Cluster 6 programs.

**INTERNATIONAL SYMPOSIUM ON ANIMAL SCIENCE
ISAS (2023)**

September 18th - 20th 2023, Novi Sad, Serbia
www.isasevent.com

The Goal of this scientific event is to establish better collaboration between animal science researchers, as well as experts and researchers from industry, trade and other related fields, world wide. Discussions and conclusions within different fields of research work should open up key questions through current topics related to sustainable animal production and its resilience in the climate and other current global challenges. Further, ISAS aims at better understanding of current animal production issues, developing networks for better availability and applicability of new solutions and research topics with the inclusion of the Responsible Research Innovation principle.

SYMPOSIUM TOPICS

ISAS 2023

VENUE

ISAS (2023)

The conference will take place at the Faculty of Agriculture, University of Novi Sad, Adresse: Trg Dositeja Obradovića 8, Novi Sad. [The Faculty of Agriculture](#) was founded in 1954 and is one of the oldest at the [University of Novi Sad](#), carries out its mission in three interrelated groups of activity: higher education, scientific research, and knowledge application in the field of economy. [Novi Sad](#) is the second largest city in [Serbia](#), an open and tolerant city with friendly people who are proud of their cultural diversity. Since 2000, Novi Sad has been a hometown to „[Exit](#)“, one of the biggest music summer festivals in Europe. Because of its great interest towards art and culture life in Serbia, the European Union named Novi Sad the [European Capital of Culture 2022](#).

We are looking forward to welcoming you to Novi Sad in September 2023!

With best regards,

President of the Organizing Committee and

Director of the Department of Animal Science,
University of Novi Sad, Faculty of Agriculture

Asst. prof. Dejan Beuković, PhD
