

Poštovane kolege,

nadamo se da ste dobro i zdravo.

Na Agronomskom fakultetu u Čačku će se i ove, 2021. godine u periodu od 18-20. avgusta, uprkos svim problemima, održati tradicionalna studentska konferencija. Nadamo se i želja nam je da se Konferencija održi kao i prethodnih godina uz usmeno prezentovanje radova.

Ukoliko zdravstvena situacija to ne omogući, održaće se kao onlajn Konferencija.

Tokom prethodnih 11 Konferencija studenti agronomije iz 30 institucija i 16 država su aktivno učestvovali deleći svoja iskustva i teorijska i praktična znanja iz različitih oblasti agronomije. Kao rezultat, više od 400 radova studenata sva tri nivoa studija je prezentovano i publikovano u Zbornicima radova sa Smotre (<http://www.afc.kg.ac.rs/index.php/sr/aktuelno/1168-xii-smotra-naucnih-radova-studenata-agronomije>).

Pozivamo Vas da uzmete učešća na 12. Smotri naučnih radova studenata agronomije. U Prilogu je 1. Obaveštenje.

U ime organizacionog odbora Smotre  
Radmila Ilić, kontakt osoba  
Agronomski fakultet u Čačku

Dear colleagues,

We hope that you are safe and sound.

The Faculty of Agronomy in Čačak will be the host of the *Conference of Agronomy Students* with international participation in 2021, in spite of all the restrictions due to COVID-19. The Conference will take place from **18 to 20 August 2021**.

We wish, the Conference would include oral presentations as in the previous eleven editions. In case the epidemiological situation will not permit it, the 12th edition will be held as an online conference.

The previous eleven conferences encouraged bachelor, master, and doctoral students coming from 30 institutions and 16 countries to actively participate in this event by submitting their experiences and theoretical and practical contributions to agronomy. As a result, more than 400 agronomy students' presentations and papers were delivered during the event and published in the Conference Proceedings (<http://www.afc.kg.ac.rs/index.php/sr/aktuelno/1168-xii-smotra-naucnih-radova-studenata-agronomije>).

We would be greatly honoured should some of the members of your institution find interest in taking part in this event. Please, find attached the First Announcement for the Conference.

On behalf of the Organizing Committee  
Radmila Ilić, Secretary  
Faculty of Agronomy in Čačak
