
COMMUNITY ETHEREUM DEVELOPMENT CONFERENCE

PODGORICA, MONTENEGRO
MAY 19TH - MAY 23RD, 2023

edcon.io

About Us

EDCON (Community Ethereum Development Conference) is a non-profit global Ethereum conference that happens once a year in different countries (EDCON 2017 in **Paris**, 2018 in **Toronto**, 2019 in **Sydney**, 2020-2021 Online, and at Chase Center in **San Francisco** in 2022).

We are committed to serving the Ethereum ecosystem in boosting the communication and interaction of Ethereum communities worldwide.

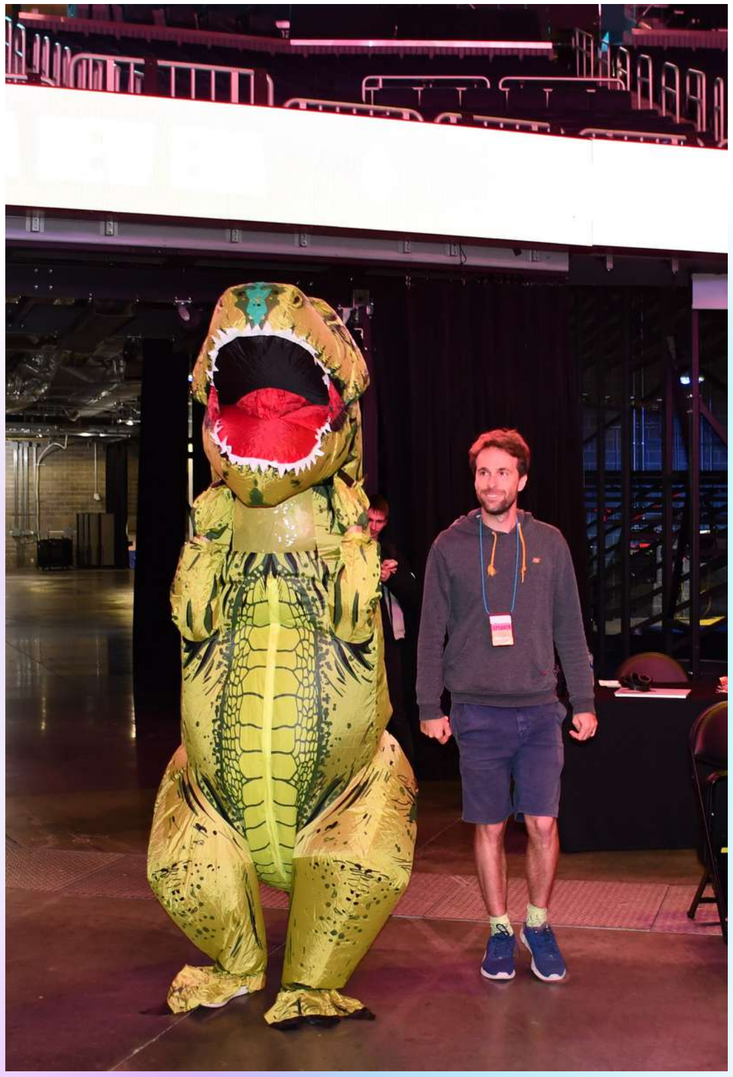
Host City

Podgorica, Montenegro

Agenda

- AFTER... The Merge
- Bridging the Learning Curve
- Security of PoS Algorithm
- State of the Blockchain
- Interoperability
- Consensus Safety
- Zero Proof Knowledge
- Layer 2 Decentralization
- Blockchain Regulation
- Layer 3
- Decentralized Society
- Decentralized Governance
- De Next Generation

Event Setting



- **Preceding the Event:** We will reach out to the Ethereum community for topics that are especially concerning. We want to know what the community cares about and the answers to the questions that they want to know.

- **During the event:**
  - Keynote Speech
  - Panel Discussion
  - Great Debate
  - Workshop
  - SUPER Demo
  - Q&A

- **Following the Event:**
  - Networking Socials
  - Afterparty
  - Outdoor Festivities

Event Highlights

Vitalik Buterin: State of the blockchain

Authoritative Content: The core developers & researcher of Ethereum will come together to address the community with the latest, most accurate, and most authoritative knowledge of Ethereum. Together, they will give the community unique insight into Ethereum's **future plans of action**.

Surprise Announcement: Our plan for world wide community building and student education support.

For the Greater Good: During the event Ethereum foundation members and industry leaders will work to film short **educational content** that will benefit the entire community.

SUPER Demo: Latest startups and projects from the Ethereum and blockchain space compete to showcase their ideas and progress.

Community Activities: There's always more room to welcome new comers to the space. This year we are designing a series of **engaging activities** tailored for fundamental understanding and exposure.

Itinerary

Collective Community	
May 19	Community Events
	Workshops
	Welcome Ceremony
