Rad Louis Hendersona *All That is Solid* (2014) je studija o e-recikliranju i neokolonijalnom rudarstvu snimljena na deponiji elektronike Agbogboshie u Akri i ilegalnim rudnicima zlata u Gani. Video gradi vizuelnu kritiku kojom se ruši kapitalistički mit o nematerijalnosti nove tehnologije otkrivajući težinu minerala koja uzemljava *oblak* u njegovom zemaljskom porijeklu.

Louis Henderson's *All That is Solid* (2014) is a study of e-recycling and neo-colonial mining filmed in the Agbogboshie electronic waste ground in Accra and illegal gold mines of Ghana. The video constructs a visual critique to dispel the capitalist myth of the immateriality of new technology – revealing the mineral weight with which the cloud is grounded to its earthly origins.

Louis Henderson je filmski stvaralac i pisac koji eksperimentiše sa različitim načinima rada sa ljudima kako bi se pozabavio i preispitao naše trenutno globalno stanje definisano rasnim kapitalizmom i uvijek prisutnom istorijom evropskog kolonijalnog projekta. Od 2017. godine, Henderson radi u umjetničkoj grupi The Living and the Dead Ensemble. Sa sjedištem između Haitija i Francuske, ova grupa se fokusira na pozorište, pjesmu, slam, poeziju i film. Njihov prvi dugometražni film *Ouvertures* dobio je posebnu nagradu FIPRESCI na 70. Berlinskom međunarodnom filmskom festivalu 2020. godine. Njegova djela su prikazana na raznim međunarodnim filmskim festivalima, u umjetničkim muzejima i na bijenalima, a distribuiraju ih LUX i Video Data Bank. Živi i radi u Parizu.
