University

Training on underwater acoustic propagation and underwater network modelling

Lecturer: Prof. Jeff Neasham, Newcastle University

AGENDA

Wednesday 1st March 2023

14:00 – 17:00	Underwater acoustic propagation
---------------	---------------------------------

Thursday 2nd March 2023

10:30 – 13:30	Introduction to UWA communication and modem design
13:30 – 14:30	Break for lunch
14:30 – 15:30	Basic UWA channel modelling and estimation
15:30 – 16:30	Basic UWA network modelling

This project has received funding from the European Union's Horizon Europe research and innovation programme under grant agreement No. 101060395
