<sup>1</sup> This designation is without prejudice to positions on status, and is in line with UNSCR 1244 and the ICJ Opinion on the Kosovo Declaration of Independence.

## **About WBAA**

WBAA is a non-profit and non-governmental organisation targeting students and alumni of the Western Balkans, namely Albania, Bosnia and Herzegovina, Kosovo, the former Yugoslav Republic of Macedonia, Montenegro and Serbia. Students and alumni should have a say in decision-making and policy-shaping on issues related to education, especially regarding the transition from school to work. The aim of WBAA is to establish a strong union of alumni coming from the Western Balkans in order to provide a forum which enables the exchange of information and good practices, contributes to evidence-gathering, promotes the Erasmus+ programme and other mobility opportunities, empowers young people and supports them in their pursuit towards successful employment. It should also foster policy-dialogue with local, national and regional authorities. The idea of creating WBAA was initiated by the Ministers of Education in 2014, followed by a meeting in Podgorica in 2016 and several meetings in Brussels. It is fully supported by the European Commission.
