

## PERSONAL INFORMATION

## Branka Pestorić

 Zelenika bb, 85340 Herceg Novi (Montenegro)

 (+382)68592893

 brankap@ac.me

## WORK EXPERIENCE

01/12/2008–Present

## research associate

University of Montenegro, Institute of Marine Biology, Kotor (Montenegro)

Zooplankton investigation and marine ecology

## EDUCATION AND TRAINING

01/2009–06/2013

## PhD theses: Zooplankton community dynamics in Boka Kotorska Bay

University of Belgrade, Faculty of Biology, Belgrade (Serbia)

## PERSONAL SKILLS

## Foreign language(s)

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
English	B2	B2	B2	B2	B2
Italian	B1	B1	B1	B1	B1

Levels: A1 and A2: Basic user - B1 and B2: Independent user - C1 and C2: Proficient user  
Common European Framework of Reference for Languages

## Communication skills

I am currently employed in Institute of Marine Biology as person for Public Relations from 2015 year. I was engaged as leader for communication and dissemination in international projects and in first Center of excellence in Montenegro

## Job-related skills

I am working on qualitative and quantitative analysis of all net zooplankton groups (i.e. Protozoa, Hydromedusae, Siphonophorae, Ostracoda, Copepoda, Cladocera, Pteropoda, Appendicularia, Chaetognatha, Thaliacea and meroplankton) as well as monitoring events and mass phenomena of medusae and other gelatinous organisms. I have experience on investigation of zooplankton community at open sea in middle and south Adriatic. I was member of scientific team on research vessel "Urania" in frame of FP7 project "CoCoNet" (In 2013) and on research vessel "Bios II" in frame of "Perseus" project (in 2014) as well as member of scientific team on research vessel "Rozafa" in frame of Norwegian project "Marine science of coastal management in Adriatic region, Western Balkan" (2012).

## ADDITIONAL INFORMATION

## Publications and research papers

- Sladjana Krivokapić, Sunčica Bosak, Damir Viličić, Grozdan Kušpilić, Dragana Drakulović and Branka Pestorić (2018): Algal pigments distribution and phytoplankton group assemblages in coastal transitional environment – Boka Kotorska Bay (South eastern Adriatic Sea). Acta Adriatica 59(1):35-50.

#### International projects

1. Project- »Marine science of coastal management in Adriatic region, Western Balkan« (2006-2010). Norwegian cooperation program on Research and Higher Education with the Countries on the Western Balkans, regarding Marine Science and Coastal Management.
2. ADRICOSM project, 2006-2009 -Adricosm Integrated River Basin and Coastal Zone Management

- System: Montenegro Coastal Area and Bojana river Catchment).
- 3.MEDPOL project, 2009- 2011 The marine pollution assessment and control component of Mediterranean Action Plan.
4. Comparative study of phytoplankton dynamics of Boka Kotorska Bay and coastal waters of the southern Adriatic Sea ( 2011-2012). Bilateral project between Montenegro and Croatia.
5. Non-native species in the coastal area of the southern Adriatic sea (2013-2014). Bilateral project between Montenegro and Croatia.
- 6.Joint Actions for Sea Pollution Prevention (JASPPer)- (2013-2015). IPA programme of cross-border cooperation between Montenegro and Croatia- project associate.
7. IPA STRATEGIC – "Ballast water management system for Adriatic Sea protection" - BALMAS (2013-2016) –project associate
8. IPA STRATEGIC- "Derelict Fishing Gear and Fishing For Litter Management System (DeFishGear) (2013-2016) - project associate
- 9.Project - » Towards COast to COast NETworks of marine protected areas (from the shore to the high and deep sea), coupled with sea-based wind energy potential (CoCoNET) « FP7 project- project associate
10. Biolct- Center of excellence 2015-2017. - project consultant
11. IPA project of capitalization ADRIATIC + - Sharing Marine and Coastal cross management experiences in the Adriatic basin-project associate
12. IPA project of capitalization - 4PILLARS - For promoting an innovative multi-Level governance system of EUSAIR- project associate
13. IPA project- Experimental farming of great Mediterranean scallop (*Pecten jacobaeus*) (2016-2017)- Transfer of knowledge between sectors of higher education, research and industry - project associate
14. Marine and freshwater microalgae as an alternative source of protein in animal feed (2017-2018). Bilateral project between Montenegro and Serbia.- project associate
15. Surface driven Raman spectroscopy as a method of monitoring the concentration of inorganic nutrients in seawater (2017-2018). Bilateral project between Montenegro and Serbia. - project coordinator
16. The impact of climate change on the composition of marine communities in the coastal area of the southern Adriatic (2017-2018). Bilateral project between Montenegro and Croatia. - project coordinator
17. ADRION- ARIEL- Promoting small scale fisheries and aquaculture transnational networking in Adriatic-Ionian macroregion. (2018-2020)- project associate
18. IPA CBC- ADRINET- Adriatic network for marine Eco-system. (2018-2020)- project associate

#### National projects

1. Biological indicators of eutrophication in Boka Kotorska Bay . National project (2008-2011).Ministry of Education and Science of Montenegro, Department of Science and Higher Education
2. Monitoring and biomonitoring of water quality for mariculture (2009-on going). Ministry of agriculture and rural development of Montenegro.
3. The influence of anthropogenic factors on wildlife in the coastal zone of the Montenegrin coast. National project (2012-2015). Ministry of Science of Montenegro.

#### Trainings and Workshops

1. 2nd International Summer Schoolin Kifissia, Athens 1-15 July 2010 "Mediterranean Marine Ecosystems: Functioning and Evolution".
2. Theoretical and practical training on Ballast Water Sampling and Analysis for Compliance Monitoring and Enforcement of the BWM Convention and for Scientific Purposes. 17th-18 th September 2014, Piran, Slovenia
3. 18th International Symposium on Environmental Pollution and its Impact on Life in the Mediterranean Region, 26th-30th September 2015, Crete, Greece.
4. MarXAN workshop: "The role of MarXAN in multiple-objective MSP: Building Capacity to ADRIATIC +" at Blue World Institute, Lošinj, Croatia, from 5th to 9th September 2016
5. The Basics of accidentally Marine Pollution" based on the IMO OPRC 1 model of courses- ATRAC (23rd- 24th April 2018)
6. OPITO course- Basic offshore safety induction & emergency training (5700) (June 2018- June 2022)
