

Curriculum Vitae – Nebojsa DURANOVIC

First name:	Nebojsa	Gender:	Male
Family name:	DURANOVIC	Date of birth:	12. October 1963.
		Nationality:	Montenegrin
		Mobile:	+382 69 013 014
		VIBER:	+382 69 013 014
		E-mail:	nebojsadj@hotmail.com

1. Education:

Institution (date)	Degree(s) or Diploma(s) obtained:
Civil Engineering Department, University of Sheffield, UK - England; (Jan 1990 - Apr 1994)	<i>PhD</i> ; Postgraduate studies; Civil and Structural Engineering
Faculty of Civil and Structural Engineering, State University, Podgorica, Montenegro, Yugoslavia; (Oct 1983 - Jun 1988)	<i>BSc - Diploma Eng.</i> (9 semesters degree) - Civil and Structural Engineering - Majored in Structures, first class
Secondary Civil Engineering School, Podgorica, Montenegro, Yugoslavia; (1981 - 1982)	<i>Secondary CIV ENG School Diploma</i> , Roads department, first class

2. Language skills: Competence on a scale of 1 to 5 (1 - excellent; 5 - basic)

Language	Reading	Speaking	Writing
MBCS (Montenegrin/Bosnian/Croatian/ Serbian)	1	1	1
English	1	1	1
Russian	2	2	3

3. Permanent/long term employment:

Date	Employer	Location	Position	Description of work conducted
Jun 1997 - to date	Faculty of Civil and Structural Engineering, University of Montenegro	Montenegro	Professor, 2010 Reader, 2003 Lecturer, 1997	<ul style="list-style-type: none"> • Teaching on a number of subjects in the areas of "Concrete Structures" and "Structural Testing and Investigation". • 2004 to 2006 - Teaching on the course covering Management issues like procurement and tender procedures, contract management and construction legislation (relative to tourism industry), at the <i>Faculty for tourism industry</i>, Kotor, University of Montenegro
Jan 2009 - to date	KONSTRUKCIJA doo, private company	Montenegro	Owner and Managing director	Management, Design, Supervision, Testing, Design briefs, Tender procedures, Procurement, Consultancy etc.
Jan 1990 to May 1997	Civil Engineering Department, University of Sheffield, England	UK	Research Fellow, 1994 Research Assistant, 1990	Research work on Reinforced Concrete Structures
Oct 1988 to Dec 1989	Industrial company KAP, Podgorica	Yugoslavia	Junior Engineer	Planning, design, supervision and building of industrial buildings; rehabilitation and maintenance of industrial and other buildings.

4. Key University/Teaching experience:

Prof. Nebojsa Duranovic is an experienced University Lecturer (1997-2003), Senior Lecturer/Reader (2003-2010) and full Professor (2010 - to date), of *Concrete structures* and *Structural Testing and Investigation*, with more than 20 years of teaching experience. For more than 8 years he worked at The University of Sheffield (UK/England). He is now at The University of Montenegro.

He wrote more than 40 scientific/technical papers, 2 books and a number of student manuscripts in the field of structural engineering, concrete structures, experimental testing, alternative (FRP) reinforcements, impulsive loading, and bridge design and testing. A short list of his publications could be found on:

<http://www.konstrukcija.me/eng/PUBLICATIONS.html>

His scientific work has been widely cited by different authors from all over the world - more than 160 confirmed citations. For the short list of citations of his academic/research work you can visit:

<http://www.konstrukcija.me/eng/CITATIONS.html>

He has a very active role in respect to the University/Faculty everyday life and functioning. In between other things he conducted the following roles:

- Deputy Head/Dean (for teaching) of Civil and Structural Engineering Faculty, Podgorica, University of Montenegro, 2000 to 2004 (in two, 2-year mandates);
- Head of Laboratory of Civil and Structural Engineering Faculty, Podgorica, University of Montenegro, 2000 to 2004 (in two, 2-year mandates);
- Member of the Editorial board of "*Materijali i Konstrukcije*" (transl: "*Materials and Structures*"), ISSN 0543-0798, official Magazine of Yugoslavian Society for Structural and Material testing and investigation - YUDIMK, 2002. to 2006.;
- Member of the Scientific Committee for the 4th International Conference "*Civil Engineering – science and practice*", GNP 2012, Zabljak, Montenegro;
- Member of the Scientific Committee for the 5th International Conference "*Civil Engineering – science and practice*", GNP 2014, Zabljak, Montenegro;
- Member of the Scientific Committee for the 6th International Conference "*Civil Engineering – science and practice*", GNP 2016, Zabljak, Montenegro.

His work and achievements have been recognised through:

- presence in edition "*Ko je ko u Crnoj Gori*" (transl: "*Who is Who in Montenegro*"), memorial edition, pp. 103 - 104, presented in 24 lines in total, published by AMC Communications, Budva, Montenegro, 2004; and
- presence in edition "*Leksikon crnogorske kulture*" (transl: "*Monograph of Montenegrin Culture*") on pp. 199, presented in 12 lines in total, author: Nikola Rackovic, published by "*Drustvo za ocuvanje crnogorske kulturne bastine*" (transl: "*Montenegrin Society for preservation of national cultural heritage*"), ISBN 978-86-82991-29-8, Podgorica, Montenegro, 2009.

5. Membership of professional bodies: Registered Licensed Engineer (*Design and Construction*), Montenegro

He is also an active and prominent member of the Montenegrin Chamber of Engineers - Civil/Structural Engineers Section. Some of his roles/duties are listed below:

- Official Reporter on Licence requests coming from engineering companies; 2008;
- National delegate of the Montenegrin Engineering Chamber to Annual meeting of European Council of Engineering Chambers (ECEC), 2008;
- Chairman of the main Engineers Professional Exam Board, 2008 to 2012;
- An elected member of Civil Engineers Assembly in Engineering Chamber of Montenegro, 2009 to date;
- permanent National Delegate of Civil Engineers Chamber of Montenegro to the European Chamber of Civil Engineers (ECCE), 2009 - to date;
- Country Editor of Monograph on European footbridges: *Footbridges - Small is beautiful*, published by ECCE, 2014.

6. Key professional experience:

Dr. Nebojsa Duranovic is an experienced Civil/ Structural engineer with 30 years of professional experience. He worked in England, Zambia (Africa), Armenia and former Yugoslavia.

He provided freelance based consultant services to a number of international engineering companies and donors, including EU, European Agency for Reconstruction (EAR/EU), UNDP, Safege, France; Tebodin, Belgium; iC Consulenten, Austria; COOPI, Italy; Cooperazione Italiana, Italy; CASE, UK; GPM Consulting, Macedonia; Agriconsulting Europe Consortium – Femconsult, Belgium; SOFRECO, France; IOM, UNDP etc. For all of them he worked on project-related fixed-term contracts. He is very familiar with local and international project environment including that of European Investment Bank (EIB), EU PRAG procedures, EuropeAid Conditions of Contract (works), World Bank and FIDIC contract management documents and its administration, etc.
