OUR CAMPUS

The University of Tuscia - UNITUS, founded in 1979 is located in Viterbo (80 km North of Rome), with campuses in and around its historical centre and two campuses located respectively in Civita-vecchia (Rome) and Rieti.

The University of Tuscia with its highly innovative teaching focused on sustainability, ecological transition, renewable energy, has been recently confirmed among the **150 best young universities** in the world with a student satisfaction rate among the highest in all of Italy for: occupational skills, the excellent professors-students ratio and technology-oriented administrative student services.

With a focus on combining attention to the **territory** with a broad **international** scope, UNITUS is the perfect choice for a superb study experience in a student-friendly city that combines typical medieval character with modern facilities and services. The **low** costs of living permits many international students to live a **stunning** study experience both for social and academic life.

Courses at the university are organised into **six departments** that are divided into 19 bachelor's degree courses, 21 master's of science courses, and two single-cycle master's degree courses (lasting 5 years).

Circular Economy, Forestry and Environmental Sciences and Security and Human Rights Master's Degree are the three Master Degrees taught **completely in English**; nevertheless many of other Programmes, taught in Italian, offer adding teaching materials, such as video lectures, books and learning materials in English in order to support International Students.

At [this link](#) an overview of Degree Programmes taught in English and with supporting teaching and learning materials.

Three of the six Department at University of Tuscia have been appointed as [Departments of Excellence](#) (the best 180 departments of state universities) by Italian Ministry of Education and Research.

University of Tuscia participates at Four National Technological CLUSTERS which act as resource catalysts to meet the needs of territory and market, coordinate and strengthen the connection between research and businesses.

University of Tuscia also offers 7 Doctoral research (PhD) programmes with specialization in all fields of research in domains such as Physical Sciences and Engineering, Life Sciences, and Social Sciences and Humanities.

THE TOWN OF VITERBO

Viterbo has ancient origins and is the largest medieval centre in Europe – historically known as the **City of Popes**: in the 13th century it was the papal seat and for about 24 years the Papal Palace hosted and saw several Popes elected.

The city is famous for the transport of the **Machine of Santa Rosa**, a traditional and spectacular event that takes place every year on the evening of September 3, in honour of the patron Saint, carried on the shoulders of a hundred men, the Porters of Santa Rosa, through the darkened streets of the city. In 2013 the Machine was included by **UNESCO** among the Intangible Human Heritage.

Tuscia boasts an unspoiled natural environment and multiple religious, cultural, gastronomic and archaeological attractions. It also combines mountain landscapes (the Cimini Mountains) and enchanting stretches of coast, with wide beaches and clean sea. Moreover Viterbo is located in a wide thermal area with number of springs celebrated for the healing qualities of their waters, and in use since Etruscan and Roman days.

FACILITIES

There are two **Student Dormitories** (single or double room) at the University Residences in Viterbo in Piazza San Sisto, 8 (65 beds) and in Via Cardarelli, 77 (82 beds). These are reserved for students from outside the province of Viterbo who meet requirements. There are also 80 beds reserved for foreign students participating in EU Erasmus programmes at Tuscia University.

Thanks to the **low cost of living**, many students choose to rent a room in a shared apartment; who decide to choose a property located in the historic center of the city benefit from the right to obtain a **free** subscription to the local public transport service of Viterbo, provided by Francigena s.r.l. for a period of one year.

In the search for accommodation, students can also make use, through the web page [**Unitus Affitto Sicuro - City Campus**](#) of the University portal, of a certified classification based on the qualitative characteristics of the property: construction/renovation period; quality of furnishings; toilet; technical systems in compliance with the law; etc.

Getting to Viterbo from Rome is very easy thanks to bus services from Rome station "Saxa Rubra" direct to Viterbo Porta Romana which run

every 30 minutes. Students can also reach Viterbo by train.

At UNITUS you will find **outstanding facilities** and services both for studies and social life: Welcome Office, Helpdesk for International Students, Sport Facilities and a number of [Student Associations](#) that can respond to your needs and offer group activities and other leisure time activities.

You can find out about **health** and **sport** facilities, here at the University of Tuscia.

Support systems at the University of Tuscia include:

- Psychological Consulting Service
- Financial Aid for Students
- Tutoring
- Support for Academic Exams
- Entry Test
- Transportation
- Supply of IT equipment
- International Mobility

STUDENTS' LIFE

UNITUS takes care of students alongside their studies. At this [link](#) you can find **all info** about services tuition fees and financial support.

The **International Staff** supports you with:

- [The University system in Italy](#)
- [Our course catalogue](#)
- [How to enrol, visa and immigration procedures for EU and non-EU citizens](#)
- [Health insurance](#)
- [Accommodation and services](#)
- [Italian Language Test and Courses](#)

- [Opportunities and financial support for international students](#)
- [Virtual Desk](#), open twice a week: Tuesday 11:00-12:00 and Thursday 14:30 - 15:30 (Rome time).

ADMISSION

The **admissions criteria** are the same for domestic and international students, but international students will also need to provide:

- Declaration of Value
- Legalized translation of transcript records

Extra UE students who would like to study at UNITUS find all info about Enrollment procedure and Scholarship here.

To promote Italian Higher Education, every year the Italian Government awards additional **scholarships**, including:

- [Foreign and Italian citizens](#) living abroad
- The regional government LazioDisco publishes every year a [Call for Applications](#) for scholarships, housing services, contributions to international mobility and graduation awards.

University of Tuscia participates to the **University Corridors for Refugees** (UNI-CO-RE) project, coordinated by the United Nations Refugee Agency (UNHCR) that allow refugee students (from Eritrea, Sudan, South Sudan and the Democratic Republic of Congo) to arrive in Italy and continue their university studies in one of the participating Italian universities. [Here](#) more information about the **2021 Call for Application**.

To find out about **enrolment**, scholarships, and financial aid on undergraduate and postgraduate programmes at the University of Tuscia, please follow this [link](#).

CAREERS

The University of Tuscia offers **Postgraduate Services**:

[Unitusjob](#) is the Placement front desk that help graduates and undergraduates transition to the job market. Unitusjob supports companies with recruitment, job offers, apprenticeship contracts, internship management, mentoring, project work and for any activity aimed at employability. Unitusjob organizes annual conferences to enable companies, students and recent graduates to meet one another (Testimonial Day), offering tangible opportunities of entering the job market thanks to the “placement ads” section of the University home page. This is available next to the “Rapporti con le imprese” icon.

[Porta Futuro](#) Services is a state-run and free of-charge initiative set up by the Lazio Regional Authority and the University of Tuscia. It offers graduates and undergraduates the opportunity to grow professionally thanks to guidance and training support, empowering them to better position themselves within the job market.
