## French Department :

**We usually blend 60%/40% depended on the schedule of the classes between Litterature bachelor degree and DUEF “Diplôme Universitaire d'Etudes Françaises” (DUEF) and we added this year one course in Foreign language studies which is good to help students about learning French. It means 3 different faculties but on the same campus, two different buildings 5 minutes by walk), it can be a bit challenging to adjust but it can help you to learn and discover faster.**

Usually this is the mobility manager Sonia who discuss with the Erasmus pedagogical coordinators of these two fields (Mrs. Hartmann and Ledot) to offer you adapted courses and who create the learning agreement.

You can find everything in the studies guide for Literature bachelor degree, we suggest Licence 1 level courses because of the difficulty of the course, even for native French speakers.

The rest of the courses are taken from this set (DUEF: Diplôme Universitaire en Etudes Françaises) B2 or C1 level courses, depending on your level. You will be only with internationals

One course has been taken in foreign language studies “remédiation en français”, this class has been created especially for internationals students.

An example of the courses that we have chosen this year for students attending the spring semester from the University of Tirana (taking into account different possible courses and overlapping timetables) in level B2.

Poétique des genres littéraires 3 (Humanités et sciences sociales) (6ects)

Remédiation en français (Langue vivantes étrangères) (3 ects)

Interculturalité B2 (DUEF) (5 ects)

Arts et littérature (DUEF)(5 ects)

Médias (DUEF) ( 2.5 ects)

A total of 21.5 ects on the student request, we usually offer 30 ects but if you have remote classes at the university of Tirana and IF your teachers are ok, it's ok for us.
