

Classis: OSTEICHTHYES Huxley, 1880

Subclassis: Actinopterygii Klein, 1885

Infraclassis: Chondrostei

Ordo: **Acipenseriformes** Berg, 1940

Familia: Acipenseridae Bonaparte, 1831– jesetre

Genus: *Acipenser* Linnaeus, 1758

1. *Acipenser naccarii* Bonaparte, 1836 – jadranska jesetra

2. *Acipenser sturio* Linnaeus, 1758 – atlantska jesetra

Infraclassis: Teleostei

Ordo: **Clupeiformes** Bleeker, 1859

Familia: Clupeidae Cuvier, 1817 – haringe

Genus: *Alosa* Linck, 1790

3. *Alosa fallax* (La Cèpède, 1803)– kubla, morska fraga

4. ?*Alosa* sp. – fraga, zimska fraga, kublica, mala kubla

Ordo: **Anguilliformes** Goodrich, 1909

Familia: Anguillidae Rafinesque, 1815- jegulje

Genus: *Anguilla* Schrank, 1798

5. *Anguilla anguilla* (Linnaeus, 1758) – jegulja

Ordo: **Salmoniformes** Bleeker, 1859

Familia: Salmonidae Regan, 1914– pastrmke

Genus: *Hucho* Günther, 1866

6. *Hucho hucho* (Linnaeus, 1758) – mladica

Genus: *Oncorhynchus* Suckley, 1861

7. *Oncorhynchus mykiss* (Walbaum, 1792) – kalifornijska pastrmka

Genus: *Salmo* Linnaeus, 1758

8. *Salmo farioides* Karaman, S., 1937 – primorska potoočna pastrmka

9. *Salmo labrax* Pallas, 1814 – blatnjača, crnomorska pastrmka

10. *Salmo marmoratus* Cuvier, 1829 – glavatica

11. *Salmo zetensis* Hadžišće, 1962 – zetska mekousna

Genus: *Salvelinus* Richardson, 1836

12. *Salvelinus fontinalis* (Mitchill, 1815) - potočna zlatovčica

13. *Salvelinus umbla* (Linnaeus, 1758) – jezerska zlatovčica

Familia: Thymallidae Gill, 1884

Genus: *Thymallus* Linck, 1790

14. *Thymallus thymallus* (Linnaeus, 1758) - lipljen

Ordo: **Esociformes** Bleker, 1859
Familia: Esocidae Cuvier, 1817 – štuke

Genus: *Esox* Linnaeus, 1758
15. *Esox lucius* Linnaeus, 1758 – štika.

Ordo: **Cypriniformes** Bleeker, 1860;
Familia: Cyprinidae Bonaparte, 1837 – šaranske ribe

Rod *Abramis* Cuvier, 1816 – deverike
16. *Abramis brama* (Linnaeus, 1758) deverika

Genus: *Alburnoides* Jettells, 1861
17. *Alburnoides bipunctatus* (Bloch, 1782) – ukljevica
18. *Alburnoides ohridanus* (Karaman, S., 1928) – ohridska ukljevica

Genus: *Alburnus* Rafinesque, 1820
19. *Alburnus alburnus* (Linnaeus, 1758) – zelenak, zelenka
20. *Alburnus neretvae* Buj, Šanda et Perea, 2010 – zela
21. *Alburnus scoranza* Bonaparte, 1845 – ukljeva

Genus: *Barbus* Cuvier & Cloquet, 1816
22. *Barbus balcanicus* Kotlik, Tsigenopulos, Rab & Berrebi, 2002– balkanska potočna mrena
23. *Barbus barbuis* (Linnaeus, 1758) – mrena, velika mrena, rječna mrena
24. *Barbus rebeli* Koller, 1926 – jadranska potočna mrena

Genus: *Carassius* Nilsson, 1832
25. *Carassius auratus* (Linnaeus, 1758) – zlatni karaš, kinez

Genus: *Chondrostoma* Agassiz, 1832
26. *Chondrostoma nasus* (Linnaeus, 1758) – skobalj
27. *Chondrostoma ohridanum* Karaman, S., 1924 – ohridski skobalj
28. *Chondrostoma scodrense* Elvira, 1987– skadarski skobalj

Genus: *Ctenopharyngodon* Steindachner, 1866
29. *Ctenopharyngodon idella* (Valenciennes, 1844) – bijeli amur

Genus: *Cyprinus* Linnaeus, 1758
30. *Cyprinus carpio* Linnaeus, 1758 – šaran, krap

Genus: *Delminichthys* Freyhof, Lieckfeldt, Bogutskaya, Pitra & Ludvig, 2006.
31. *Delminichthys ghetaldii* (Steindachner, 1882) - trebinjska gaovica

Genus: *Gobio* Cuvier, 1817
32. *Gobio obtusirostris* Valenciennes, 1842– mrenica, krkuš
33. *Gobio skadarensis* Karaman, S., 1936 – skadarska mrenica

Genus: *Hypophthalmichthys* Bleeker, 1860

34. *Hypophthalmichthys molitrix* (Valenciennes, 1844) – bijeli tostolobik

35. *Hypophthalmichthys nobilis* (Richardson, 1845) - sivi tostolobik

Genus: *Leuciscus* Cuvier, 1817

36. *Leuciscus leuciscus* (Linnaeus, 1758) – klenić

Genus: *Megalobrama* Dybowski, 1872

37. *Megalobrama terminalis* (Richardson, 1845) – amurska deverika

Genus: *Mylopharyngodon* Peters, 1881

38. *Mylopharyngodon piceus* (Richardson, 1845) – crni amur

Genus: *Pachychilon* Steindachner, 1882

39. *Pachychilon pictum* (Heckel & Kner, 1858) – šaradan

Genus: *Phoxinus* Rafinesque, 1820

40. *Phoxinus karsticus* Bianco & De Bonis, 2015 – gaovica, gagica, zelenak,

41. *Phoxinus csikii* Hanko, 1922 – gaovica

Genus: *Pelagius* Kottelat & Freyhof, 2007

42. *Pelagius minutus* (Karaman, S., 1924) - primorska gavica

Genus: *Pseudorasbora* Bleeker, 1860

43. *Pseudorasbora parva* (Schlegel, 1842)– amurski čebačok

Genus: *Rhodeus* Agassiz, 1832

44. *Rhodeus amarus* (Bloch, 1782) - gaovčica

Genus: *Rutilus* Rafinesque, 1820

45. *Rutilus albus* Marić, 2010 - bijeli brak

46. *Rutilus prespensis* (Karaman, S., 1924) – žutalj, brona

47. *Rutilus rutilus* (Linnaeus, 1758) – bodorka

48. *Rutilus virgo* (Heckel, 1852) – plotica

Genus: *Scardinius* Bonaparte, 1837

49. *Scardinius erythrophthalmus* (Linnaeus, 1758) – crvenperka

50. *Scardinius knezevici* Bianco & Kottelat, 2005 – lola, ljolja

Genus: *Squalius* Bonaparte, 1842

51. *Squalius cephalus* (Linnaeus, 1758) – klen

52. *Squalius platyceps* Župančić, Marić, Naseka & Bogutskaya, 2010– skadarski klen

53. *Squalius svallize* (Heckel & Kner, 1858) – strugač, sval

Genus: *Telestes* Bonaparte, 1837

54. *Telestes ryselae* Heckel, 1852 – jelšovka

55. *Telestes montenigrinus* (Vuković, 1963) - mekiš

Genus: *Tinca* Cuvier, 1817

56. *Tinca tinca* (Linnaeus, 1758) – linjak,

Familia: Cobitidae Swainson, 1839 – vijuni

Genus: *Cobitis* Linnaeus, 1758

57. *Cobitis elongata* Heckel & Kner, 1858 – vijunica,

58. *Cobitis ohridana* Karaman, S., 1928 – vijun, ohridska

Genus: *Misgurnus* La Cèpède, 1803

59. *Misgurnus fossilis* (Linnaeus, 1758) – čikov

Genus: *Sabanejewia* Vladykov, 1929

60. *Sabanejewia balcanica* (Karaman, S., 1922) – balkansk i vijun

Familia: Nemacheilidae Regan, 1911 – brkice

Genus: *Barbatula* Linck, 1790

61. *Barbatula barbatula* (Linnaeus, 1758) - brkica

62. *Barbatula zetensis* (Šorić, 2001) – zetska brkica

Ordo: Siluriformes Cuvier, 1816

Familia: Ictaluridae Gill, 1861 - američki somovi

Genus: *Ameiurus* Rafinesque, 1820

63. *Ameiurus nebulosus* (LeSueur, 1819) – patuljasti američki somić

Familija Siluridae Cuvier, 1816

Genus *Silurus* Linnaeus, 1758

64. *Silurus glanis* Linnaeus, 1758 - som, evropski som

Ordo: Atheriniformes Rosen, 1964

Familia: Atherinidae Gunther, 1861 – gavuni

Genus: *Atherina* Linnaeus, 1758

65. *Atherina boyeri* Risso, 1810 – gavun

Ordo: Mugiliformes Berg, 1940

Familia: Mugilidae Cuvier, 1829 –cipoli

Chelon Rose in Walbaum 1793

66. *Chelon aurata* (Risso, 1810) cipol zlatac

67. *Chelon labrosus* (Risso 1826) cipol putnik

68. *Chelon ramada* (Risso, 1826) – skakavica, cipol balavac

69. *Chelon saliens* (Risso, 1810) cipol dugaš

Genus: *Mugil* Linnaeus, 1758

70. *Mugil cephalus* Linnaeus, 1758 – cipol glavaš

Ordo: **Cyprinodontiformes** Berg, 1940

Familia: Cyprinodontidae Gill, 1865

Genus: *Aphanius* Nardo, 1827

71. *Aphanius fasciatus* (Valenciennes, 1821)

Familia: Poeciliidae Garman, 1895

Genus: *Gambusia* Poey, 1855

72. *Gambusia holbrooki* (Girard, 1859) – gambuzija

Ordo: **Perciformes** Bleeker, 1859

Familia: Blenniidae Linnaeus 1758

Genus: *Salaria* Forskål, 1775

73. *Salaria fluviatilis* (Asso, 1801) – rječna slingurica, rječna babica

Familia: Centrarchidae Regan, 1913

Genus: *Lepomis* Rafinesque, 1818

74. *Lepomis gibbosus* Linnaeus, 1758 – sunčanica

Familia: Gobiidae Fleming, 1822 – glavoči

Genus: *Knipowitschia* Iljin, 1927

75. *Knipowitschia montenegina* Kovačić & Šanda, 2007 – morački vodenjak

Genus *Ninnigobius* Whitley, 1951

76. *Ninnigobius canestrinii* (Ninni, 1883) kanestrinijev glavoč

77. *Ninnigobius montenegrensis* (Miller & Šanda, 2008) – morački glavoč

Genus: *Pomatoschistus* Gill, 1863

78. *Pomatoschistus marmoratus* (Risso, 1810)– mramorasti glavoč

Familia: Moronidae Mitchill, 1814

Genus: *Dicentrarchus* Gill, 1860

79. *Dicentrarchus labrax* (Linnaeus, 1758) – brancin, levrek, lubin

Familia: Percidae Cuvier, 1817

Genus: *Gymnocephalus* Linnaeus, 1758

80. *Gymnocephalus cernua* (Linnaeus, 1758)-balavac

Genus: *Perca* Linnaeus, 1758– grgeči

81. *Perca fluviatilis* Linnaeus, 1758 – grgeč

Genus: *Sander* Oken, 1817 - smuđevi
82. *Sander lucioperca* (Linnaeus, 1758) - smuđ, obični smuđ

Ordo: **Pleuronectiformes** Bleeker, 1859,
Familia: Citharidae Hubbs, 1945 – patarače

Genus: *Citharus* Artedi in Röse, 1793
83. *Citharus linguatula* (Linnaeus, 1758) – pljosnatica, patarača

Familia: Pleuronectidae Rafinesque, 1815– iveraci

Genus: *Platichthys* Girard, 1854
84. *Platichthys flesus*, (Linnaeus, 1758) – iverak

Ordo: **Scorpaeniformes** Garman, 1829
Familia: Cottidae Bonaparte, 1832 – peševi

Genus: *Cottus* Linnaeus, 1758
85. *Cottus gobio* Linnaeus, 1758 – peš

Ordo: **Gasterosteiformes** Gooldrich, 1909
Familia: Gasterosteidae Bonaparte, 1831 – gregorci

Genus: *Gasterosteus* Linnaeus, 1758
86. *Gasterosteus gymnurus* Cuvier, 1829 – bodonja

Ordo: **Syngnathiformes** Helfman, Collette & Facey, 1997
Familia: Syngnathidae Rafinesque, 1810

Genus: *Syngnathus* Linnaeus, 1758
87. *Syngnathus abaster* Risso, 1826 – šilo,
88. *Syngnathus acus* Linnaeus, 1758 – veliko šilo

Ordo: **Gadiformes** Goodrich, 1909
Familia: Lotidae Bonaparte 1837 – manići

Genus: *Lota* Oken, 1817
89. *Lota lota* (Linnaeus, 1758) – manić, derać

Hibridi:

Alburnus scoranza x *Squalius platyceps* - ukljevac
